

# height adjustable nursing bench

---

CONVENIENT AND ADAPTABLE FOR VARIOUS  
ACTIVITIES INVOLVED IN THE CARE OF PEOPLE  
WITH DISABILITIES

 **ENWARE**

## height adjustable nursing bench

When a person needs to be cared for, it is important that the nursing bench can be lowered to a suitable height for transfer, for example from a wheelchair, and then raised to a suitable working height for the carer.

### FEATURES:

- Remote controlled, low voltage 24(V) for safe operation in a wet area
- 700 mm of height adjustability (Min.300 mm – Max.1000 mm)
- No cold surfaces – covered with polyurethane foam
- Curved for added comfort and safety
- Adjustable neck support can be moved to either end
- The safety rail can be folded easily up or down
- Water collection tray with integral outlet prevents splashing on carer
- Flexible hose attached to the centre mounted outlet of the water collection tray can be connected to an outlet in the floor or on the wall
- Integrated gas cylinder enables bench to be easily folded against wall when not in use
- Weight loading capacity is 200 kg
- 3 year guarantee

### Order Code:

**EP-R8538021** - 1800 mm, with electric motor and safety rail

**EP-R8533021** - 1300 mm, with electric motor and safety rail

## applications

- Aquatic Centres
- Hospitals
